

**Welcome to the this CD-ROM that contains the proceedings of the International Workshop  
"Antibiotic Resistance in Asian Aquaculture Environments".**

This CD-ROM consists of Adobe Acrobat PDF (Portable Document Format) files. In order to read these files the Adobe Acrobat Reader has to be installed on your system. In case you have not installed it. You can find readers for many operating systems at:

<http://www.adobe.com/products/acrobat/readstep2.html>.

The CD-ROM contains also a so-called 'catalog' index which requires the 'search plug-in' to be installed. The search plug-in is provided with all recent Adobe Acrobat Readers.

Please make sure you read the instructions on how to modify the preference settings to enable all features of the CD-ROM.

**Installation instructions:**

1. The Adobe Acrobat Reader is already installed on your computer and you are using Windows 2000 or higher operating systems.
  - Insert the CD-ROM
  - The document 'READ\_ME\_INDEX.pdf' should be automatically opened
2. The Adobe Acrobat Reader is already installed on your computer with other operating systems.
  - Insert the CD-ROM.
  - Start the Adobe Acrobat Reader and open the file 'READ\_ME\_INDEX.pdf'. NOTE: if you want to make use of the cross-file catalog (see further down, you should install one recent version of the reader).
3. The Adobe Acrobat Reader is not yet installed
  - Install the downloaded Acrobat-Reader
  - Follow point 1 or 2 depending your installed Operating System.

**Cross file searches:**

- A Catalog index is included on the CD-ROM (index.pdx). This catalog enables you to search for keywords in the electronic versions of the papers. To make use of the catalog you need to have a search plug-in for the Adobe Acrobat Reader.
- To use the catalog, press the 'Search' button and enter keywords you want to search for. You will be presented with a list of files in which your keyword is found. If you have selected a file for viewing, press the 'File-list' button to return to the list of files. You may also press the 'Previous' or the 'Next' button to walk through the files.

We hope you can make good use of this CD-ROM
